**Payment:**

A One time, per Session Sign-up fee (\$23.00), is required of each bowler and covers School Bus Fee & Award Program Fee. This payment is due from each bowler, in full, the first day of each new session.

**There are no exceptions on this fee and it is not refundable.**

There is a Weekly bowling fee of \$7.00 per student, per week. The bowling Fee is not due if a child is absent, unless the student is participating in the "free bowling ball contest". The student can Pre or Post-Bowl to retain the required Perfect Attendance needed to receive the Bowling Ball. In order to receive a bowling ball, each bowler must have perfect attendance in **all three bowling sessions.**

**We do not recommend Pre-Payments for the weekly bowling session (\$7.00 per week fee) because Pre-Payments are non-refundable.**

**Each session runs for 12 weeks, and consists of the following:**

Each student will be placed on a team which will compete against other teams from the school district. Each match will consist of two games per bowler. Certified coaches will be available to instruct students on the fundamentals of bowling. Weekly incentives will be awarded for achievements. Lane monitors are assigned to the lanes to assist bowlers. Because most children prefer to use this activity as a recreational activity & because they are reluctant to try new things in front of their friends, we only give Certified Bowling Instruction upon request. Basic Bowling Instruction can be provided by the Lane Monitor when requested by the student. However, students interested in more advanced bowling instructions should inform the Monitor & a special session will be arranged and one of our Certified Coaches will work with the child. Because of the time restraint with the After School Program, advanced instructions are not preformed during the regular A/S Program. At the end of each 12 week session, trophies and awards will be presented at an Awards Party. This party will include food, games, prizes, and a Techno-Bowl segment with music and a light show.

**\*\*Special Note\*\***

In the event of any School closings, in-service, or early dismissals, After School Bowling will be cancelled for that day. A good rule of thumb---If there is no School, there is no bowling! Cancellations will not be made up.

**Not all schools participate--Ask if your school does at 222 Dutch Lanes**
