Introduction

The purpose of this Annual Mid-Year Report is to provide a current overview of the District and status updates through the lens of the five key District elements. Over the years, it has been beneficial to use this report as an opportunity to look back on some highlights of the work accomplished in the past, assess the present status of work underway, and refine and share potential opportunities ahead. In addition to presenting this report to the Board of Directors during the January workshop, this report will be shared with the District community when it is posted on the District website.

Mission of the Ephrata Area School District

It is the mission of the Ephrata Area School District to provide all students a secure learning environment and exemplary academic programs that inspire all students to reach their full potential.

District Vision

“Achieving Success One Student at a Time”

Shared Understanding of Fundamental Ideas

This collection of statements is intended to reflect our current understanding of our context and the relevant ideals that are essential to consider in our work. These serve as common influences in the decisions we make and the direction we progress. This list was updated in the Spring of 2018 after being used for nearly four years with staff and administration.

1. TRUSTING RELATIONSHIPS help support the social/emotional needs of our students and are essential to our overall success.
2. A HIGHLY SKILLED, COMPASSIONATE, and EMPATHETIC STAFF is an invaluable component of our school district.
3. TECHNOLOGY can be a powerful instructional and learning tool.
4. The rapidly changing world increases the importance of SKILLS and DISPOSITIONS.
5. Learning happens most rapidly when it is PERSONALLY RELEVANT and AUTHENTIC.
6. A GROWTH MINDSET should be modeled and promoted.
Five Key Elements of the System

1. **Students** are the fundamental purpose for our organization’s existence, and preparing them to be LIFE READY by the time they leave us is our ultimate mission. Graduates who are prepared to be a contributing and productive member of society is the outcome of achieving our Mission.

2. The performance of our **Staff** at all levels is the single-most determining factor to impact the student experience. Supporting teachers and staff members in reaching ever-increasing expectations is one of the key responsibilities of District Leadership.

3. Our comprehensive **Instructional Program** represents the “what” and “how” we achieve our Mission. Through continued efforts to incorporate modern tools, engaging instructional techniques, and meaningful targets as outlined in the Life Ready Graduate profile, we strive to provide each student a relevant learning experience that is unique to his/her strengths, needs, interests, and aspirations.

4. **Organizational Operations** represent the alignment between and among the different components of the District. In addition to the importance of alignment and consistency is the establishment and maintenance of a culture that rewards innovation and strategic risk-taking.

5. **Relationships** with individuals and groups both within and throughout the District community are important in our ability to realize our Vision. Through active membership in professional networks and organizations aligned with our work, we can learn from and influence the external factors that impact public education.

Past, Present, and Future Analysis

Using these Five Key Elements as the lens for reflection and analysis, what follows is a brief summary of three to five key accomplishments from the past year, some of which are ongoing, and topics of work presently underway. Additionally, opportunities in the foreseeable future are provided as a reminder of the continuous improvement element of our District culture. While many of the items presented involve more than one of the Key Elements, an attempt has been made to present each in the category that is most aligned with the topic. New for this year, an artifact of evidence is referenced to highlight progress within each of the five areas.
### Students

<table>
<thead>
<tr>
<th>Past &amp; Ongoing</th>
<th>Present</th>
<th>Future</th>
</tr>
</thead>
<tbody>
<tr>
<td>- Continued celebrations of individual and group performance successes in all extracurricular activities*&lt;br&gt;- Student government meetings at the High School featuring a monthly meeting with the Superintendent to engage students in the dialogue about how to continually improve our District*&lt;br&gt;- Increased Coding and Computer Science experiences through curricular and extracurricular opportunities, including the Hour of Code, the Coding Contest and expanded Robotics clubs*&lt;br&gt;- Creation and expansion of the Mounts Tech Support program for students to engage in the application of technical and customer service skills&lt;br&gt;- Expanded opportunities for students to engage in high-interest areas relating to Computer Science, STEAM, and Coding through events both during and after the school day</td>
<td>- Implementing the Life-Ready Graduate Certificate Program to provide a path for students to demonstrate additional qualifications for their path after high school&lt;br&gt;- Continuing our District participation in the Attollo programs supporting students reaching their full potential through intensive self-discovery and support&lt;br&gt;- Assistant Superintendent Council regular monthly meeting with a cross section of students designed to get a more accurate view of the student experience at grades 5-12&lt;br&gt;- Improving the student involvement in District and building level decision-making through the expansion of regularly scheduled and project-specific topics across the District&lt;br&gt;- Continue examination of the half-day Kindergarten program effectiveness and alignment with growing research on early childhood education to ensure we are starting our students off in a way that supports them in reaching their full potential</td>
<td>- Provide expanded opportunities for students at all levels to have a voice through surveys, regular meetings, student contests, and design challenges in the significant decisions that impact their experience&lt;br&gt;- Provide a higher percentage of opportunities for students to demonstrate mastery of content in authentic ways, personalized to the student&lt;br&gt;- Empower students to more actively participate in education decisions impacting what and how they prepare for productive adult life through the use of digital career portfolio and Cornerstones at Ephrata High School&lt;br&gt;- Continue to expand the inclusion of students to lead and represent the District in presentations at the local, regional and national level</td>

## Staff

<table>
<thead>
<tr>
<th>Past &amp; Ongoing</th>
<th>Present</th>
<th>Future</th>
</tr>
</thead>
</table>
| - Continuation of the Growth Mindset and the use of #BecomingEASD to help elevate the importance of having a growth mindset as adults and supporting students in their growth*  
- Coaching Cohort established with regular meetings to share challenges and progress with influencing*  
- Provided half-day Staff Development training to review and make explicit the connections among our Mission, Vision, what we value, and the changes we are trying to make in the overall District programming*  
- Launched and expanded the Mountaineer Academy that currently features 12 modules related to District priorities*  
- Continued Building Visitation days, including conversations and regular classroom walkthroughs with building principals* | - Providing leadership opportunities, direction and support to teachers in the restructuring of the curriculum to include competencies and learning targets for all existing course content.  
- Planning and facilitating Leadership Team book studies using “What School Could Be” by Ted Dintersmith  
- Implementing a Restructured Guiding Coalition to more closely align with the specific instructional needs at the grade-band level and increase teacher participation in activities aimed at improving instructional design and student engagement  
- Organizing and providing training on Life Ready Graduate content, skills, and dispositions for instructional staff grades K-12  
- Restructured the Professional Learning Community meetings to incorporate action research for teachers to use feedback to continue their growth - these meetings are now called Reflective Planning Teams (RPTs) | - Continue to explore opportunities to improve staff assignments and alignment of duties to play into individual strengths and meet continuously changing needs of the District  
- Continue working with outside supports (Modern Teacher and MCCL) to clarify our Theory of Action, Instructional Model and Competency-Based curriculum model.  
- Provide more intensive and individual support on instructional practices for teachers at every experience level |
# Instructional Programs

<table>
<thead>
<tr>
<th>Past &amp; *Ongoing</th>
<th>Present</th>
<th>Future</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Developed the Life Ready Graduate profile and certificate process to achieve additional recognition and communicate the phase-in of new expectations*&lt;br&gt;• Designed two virtual mini-courses related to priority areas of Personal Finance and Civics that will be included in a certificate program as part of the graduation requirements&lt;br&gt;• Integrated ideas for the incorporation of more STEM/STEAM into current courses and possible electives at the HS and MS levels*&lt;br&gt;• Implemented a Positive Behavioral Intervention and Support (PBIS) system at the Ephrata Intermediate and Middle schools to address the needs of early adolescence in the areas of social and emotional learning*&lt;br&gt;• Implemented adjustments to the Related Arts schedules at the Intermediate and Middle schools to offer a coherent set of opportunities for students reflective of their interests</td>
<td>• Restructuring the curriculum to include competencies and learning targets for all existing course content as well as, the features of the LRG profile.&lt;br&gt;• Developing an instructional model and a theory of action to help guide work in all areas of the instructional program&lt;br&gt;• Worked with a Science Curricular consultant to improve alignment with standards and identify areas for instructional adjustment throughout the K-6 continuum&lt;br&gt;• Implementing changes resulting from a pilot of teacher-designed alternate assessments for the Elementary Language Arts curriculum, which led to the implementation and monitoring of an abbreviated schedule, which provides more instructional time across all classrooms&lt;br&gt;• Expanding Computer Science Curriculum to provide a complete continuum K-12 and a widened variety of options at the secondary level</td>
<td>• Exploration of additional STEAM and Computer Science programming for the elementary, intermediate, and middle levels&lt;br&gt;• Full implementation of Life Ready Graduate certificate program at the High School&lt;br&gt;• Update and/or expand P2P Academy course content to reflect present resources and needs and to maximize new available fiscal support</td>
</tr>
</tbody>

### Organizational Operations

<table>
<thead>
<tr>
<th>Past &amp; *Ongoing</th>
<th>Present</th>
<th>Future</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Improved the safety and security of the buildings through the installation of an upgraded security system, additional cameras, and an identification checking system for all visitors*&lt;br&gt;• Explored the needs and possibilities for the reconfiguration of the High School Media Center to better reflect the 21st Century skills and modern learning tools presently in use by EHS students&lt;br&gt;• Designed a consistent exterior sign format for all District properties that may include digital messaging to better represent our District brand and communicate with our community*&lt;br&gt;• Conducted weekly Customer Service survey with visitors within each of our school buildings*&lt;br&gt;• Implemented the Virtual Substitute Teacher program to allow for increased consistency of the instructional program for planned absences at EHS*</td>
<td>• Discussing the expansion of an “Open Campus” model for qualifying juniors and seniors to provide more autonomy and independent/group work by students to help them be prepared for the next step in their learning journey&lt;br&gt;• Continuing to identify ways to leverage flexible furniture and collaboration spaces to provide more autonomy for our students to use as they facilitate their own learning&lt;br&gt;• Exploring the needs and possibilities for the EIMS Media Center to better reflect the 21st Century skills and modern learning tools presently in use by students in that building&lt;br&gt;• Critically examining foreseeable facility needs and incorporating the master facilities and systems plan as part of the budgeting process for both short and long-term decision-making&lt;br&gt;• Implement a restructured set of the administrative responsibilities and related logistics associated with the Ephrata Intermediate and Middle schools</td>
<td>• Potentially expand the Virtual Substitute Teacher program to allow for students to engage in non-time-sensitive course content for unplanned absences&lt;br&gt;• Launching an “Ephrata Innovates” campaign to allow teachers to be released from a current expectation in order to experiment with a new practice or process that could help us reach our mission or alight to components of our LRG profile more efficiently&lt;br&gt;• Continue to look for ways to use technology tools in our project management tool (1313 Plans) with grade-band administrators and teacher leaders to help frame and align steps needed to accomplish short and long-term work within certain key areas of relative need</td>
</tr>
</tbody>
</table>
### Relationships

| **Past & Ongoing** | • Increased communication and transparency with the community through the development and use of the Customer Service survey, Community Happenings page, and the Public Presentations page
• Established and maintaining a productive relationship with the War Memorial Association and the Ephrata Area Education Foundation
• Collaborating with local district and community partners in the United Way Collective Impact Grant supporting early childhood needs
• Represented the District and the state by participating in the AASA advocacy event in Washington DC participating in Legislature visits
• Had regular communications with elected officials regarding proposed legislation and, more recently, the confirmation hearings for the United States Secretary of Education |

| **Present** | • Presenting at community and educational events that (a.) promote and celebrate the work of our students and staff, (b.) establish and strengthen the “EASD Brand” within both the local and broader educational community, and (c.) provide additional opportunities to establish collaborative relationships with other progressive districts and industry partners
• Continue to regularly communicate with elected officials regarding proposed legislation impacting the community, our educational system, or our students
• Hosting collaboration events and site visits to share expertise and strengthen relationships with others interested in making similar progress across many areas
• Expanding the EHS internship program to (a.) provide authentic opportunities to apply skills, (b.) allow students to make more informed career planning decisions, and (c.) provide another way to strengthen relationships with the community |

| **Future** | • Continue to establish and strengthen relationships and share District success stories through membership, attendance, and presentation opportunities at the local, state and national levels
• Targeting businesses for Life Ready Graduate Certificate program endorsement and recognition within and beyond the EASD community
• Formalize partnerships in support of Cornerstone projects at each grade-level so that students have a series of positive experiences with community organizations as they move through our system |
